

Superior Solutions

Quick Easy

Easy, practical and economic

Market leader since 1937 in cleaning products
and in restaurant and institutional equipment

The system

• EASY

The Quick Easy system requires no electrical or hydraulic connections and can be installed with three wall screws. It can be used to prepare ready-to-use bottles (Quick Easy Bottle Dispenser) and buckets (Quick Easy Bucket Dispenser). Replace the empty tank with a single, quick movement.

• PRACTICAL

The system delivers the precise product dosage with a single press of the lever, with no waste. The packaging for the concentrated product cannot be replaced or removed without the use of the security key. The colour code reduces the risk of error to a minimum. The formulas are tested in the Zep laboratories and produced in certified factories.

• ECONOMIC

The ultra-concentrated formula means that 20 ml of product is sufficient both for use with 600 ml ready-to-use bottles (1:30 solution) or for an 8-litre bucket (1:400 solution), for cleaning floors. The automatic dosing generates no waste or unwanted consumption; a 2-litre tank produces 100 bottles. The only plastic requiring disposal is the 2-litre container.

INSTRUCTIONS FOR USE

1

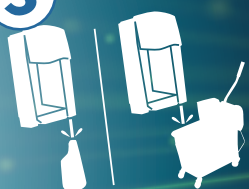

Place the concentrated product can into the equipment.

2

Fill the bottle or bucket with water up to the level indicated.

3

Position the bottle or bucket under the equipment and simply raise or lower the lever to obtain the correct dosage ready to use.

Quick easy

Q1 GLASS

Glass cleaner

Extremely economical in use. Ideal for window panes, mirrors, shop windows and other glass surfaces. Suitable for cleaning lightly soiled water-resistant surfaces made of formica, stainless steel, chrome, enamel, ceramic or plastic.

Q2 BATHROOM

Decalcifying cleaner for sanitary fixtures

Cleans toilets, bathtubs and other sanitary fixtures. Removes built-up grime, soap scum, rust stains, bacteria and lime scale. Returns a smooth finish to porcelain, tiles etc. and shields against re-soiling.

Q2.2 NEUTRAL BATHROOM

Neutral cleaner for all types of sanitary fixtures

Cleans toilets, bathtubs and other sanitary fixtures. Removes soil build-up, soap scum, rust stains, bacteria and scale build-up. After using the product, porcelain, tiles etc. are smooth and repel dirt.

Q3 KLEAN AIR

Anti-tobacco odour neutraliser

Neutralises odours from cigarette, cigar and pipe smoke and bad odours in general. Also effective at eliminating smells of urine, sickness, waste, pets and burnt material. Pleasant fragrance. Ideal for hotel rooms and smoking areas etc.

Q4 FLOOR

Perfumed floor cleaner

For daily cleaning of all water-resistant floors including tiles, marble, linoleum, stone etc. Neutral formulation and therefore does not damage emulsion floor polish.

Q4.1 FLOOR INOVSOL

Non-foaming environmentally friendly floor cleaner

An extra ecological cleaner. With its specially selected ingredients it fulfils the high requirements of the European Ecolabel. To thoroughly clean surfaces at all types of facilities; schools, churches, hospitals and offices etc.

Q5 DISH

Highly concentrated washing up liquid

Super-concentrated washing-up detergent, containing an advanced blend of cleaning agents. Ideal for use in all catering establishments.

Q7.1 SANITIZER DEBAC

Powerful disinfectant and cleaner

Use on surfaces and materials that come into contact with food, except dairy machinery. For surfaces and areas designated for human traffic, such as floors, walls, furniture etc. For use in health care except in TB and isolation units.

Q 9.1 DEGREASER SUPERKLEAN

Ecolabel all purpose super degreaser

For cleaning and degreasing all waterproof surfaces, also heavily soiled. NSF category A2, A4, A8 certification. For all types of facilities; schools, churches, hospitals, nursing homes and administrative offices etc.

The RTU Range

The ready-to-use products in the Quick Easy range share the features of the concentrated range, but can be used in less demanding situations where speed and efficiency in the processes is required without a large quantity of product. A perfect solution for offices, businesses, bars and restaurants, the QUICK EASY RTU professional range satisfies all the demands for the cleanliness and hygiene of glass, bathrooms, equipment and kitchen surfaces.

Q1 RTU - GLASS

All purpose cleaner for washable surfaces

Ideal for cleaning glass, mirrors, glass, ceramic, stainless steel and chrome surfaces. It does not contain phosphorus.

Q2 RTU - BATHROOM

Descaler detergent for tiles and sanitary areas

For daily maintenance of tiles, taps, sinks, showers, etc. Removes limescale and soap residue. Q2 RTU restores the natural brightness of surfaces giving an intense scent.

Q7 RTU - KITCHEN

Sanitizing detergent for kitchen

Ideal for countertops and equipments. Colorless and odorless. All actives are completely biodegradable.

Q9 RTU OVEN SAFE

Highly effective non caustic oven and grill cleaner

Easily removes grease, fat and carbon build up from cooking processes without the need for any PPE whatsoever.
